SKIPPER PRO KNOTTY PROBLEMS

What could be more beautiful than a perfect day on the water? Only one thing: knowing that you are ready for any problem that gets thrown at you. The Skipper Pro is like a full ship's crew in your hand. A compact tool that combines typical Victorinox functionality with a lock blade for one hand as well as a sailing-specific tool for your nautical adventures – a lockable and very robust marlin spike. The marlin spike is a tool used on sailboats or in the seafaring industry in general. This model is also equipped with a handy bright orange lanyard so you can keep a firm grip on your Skipper Pro even in stormy waters. It's all the equipment you need for your next adventure with knotty problems and stubborn shackles.

WINE MASTER TO WINE CONNOISSEURS' TASTE

The opening of a wine bottle calls for celebration! Now the Wine Master makes it possible and offers wine connoisseurs, picnic enthusiasts and collectors a multi-functional tool of the highest quality and precision. The extra-long corkscrew with five coils, prevents the cork from breaking apart during extraction. It is supported by a combination tool, with a two-step lever for uncorking as well as a bottle opener. The pocket knife also has a short, wavy edge beak-blade foil cutter, in addition to the large lock blade. The Wine Master is available in two elegant scale variations – finely grained walnut and light smooth olive wood. An attractive high-quality leather pouch is also included. Pure enjoyment is guaranteed with our new Wine Master!

HUNTER PRO HUNTER PRO TRANSITION

Few years ago we have developed the Hunter Pro pocket knife especially for hunters who demanded a pared-down knife of a higher caliber. The large one hand lock blade is incredibly strong and easily accessible and the ergonomic shape makes for a very stable grip. This series has evolved from the original hunting knife into a very popular every day and outdoor knife. Therefore we have also evolved the included functions and developed the lock blade to open with two hands as well as the spring integrated lanyard hole. To have the best and practical accessories with it you will have the choice of three different colors of the paracord pendant. Attach the one you like most! It looks great in its matching belt pouch, but it looks even better when it's in your hand getting the job done.

KEY FEATURES

- The go-to tool for your outdoor experiences with either one or two hand lock blade
- Swiss made pocket knife with ergonomically designed scales
- Newly matching paracord pendants for your perfect looking EDC

HUNTER PRO M ALOX DESIGNED FOR ADVENTURE

This latest version of the Hunter Pro features the ever-so-popular Alox scales, known and loved from the legendary Pioneer collection. The subtle, shimmering interplay between blade, spring, liners, scales, and clip adds an elegant and innovative touch. Also new in the Hunter Pro M Alox is the smart clip design and the lanyard hole integrated into the spring, with a paracord pendant in a decorative, woven finish. The curved, silver-colored clip fits easily onto the handle so the knife can be securely attached to your garment and is still easily accessible. The elegant look, the timeless appeal of the materials, and the advanced functionality make the Hunter Pro M Alox an indestructible design item and a loyal companion for your daily adventures. This versatile pocket knife cuts a fine figure, whether you are wearing business attire or cargo pants.

SWISS TOOL BLACK OXIDE EXTREME TOOLS

Swiss Tools are full of extremes. They're extremely handy, extremely functional and extremely compact. They're like an entire toolbox, packed into a single sophisticated multi-tool. And now these two versions are also extremely elegant in black oxide steel. The blackened finish can leave residue on hands during initial handling, but offer improved corrosion protection. You'll find endless uses for this workhorse at home, at work or at play. The included pouches not only look good, but are perfectly tailored to house the tools.

POCKET KNIFE TOY TOY POCKET KNIFE FOR KIDS

Learning through play, is the best way to learn. This is also true for the Victorinox toy pocket knife. Children develop their curiosity, imagination, creativity and practical knowledge playing. This is important for mental development. The pocket knife from the company «klein» meets these requirements. The toy is suitable for children from the age of 3 onwards. These tools are included: a blade with rounded tip, a bottle opener, a screwdriver, a wood saw, a snap-hook, a fork and a spoon as well as a magnifying glass. It might even serve as a forerunner to the «My First Victorinox» pocket knife and later the famous Swiss Army Knife.

KEY FEATURES

- 8 functions
- Pocket knife toy for young children
- With fork and spoon
